Identifying information

Name: Varvak, Edward A.
ORCID iD: 0009-0004-8413-5873
Position title: Graduate Student, Department of Mathematics

Organization and location

University of Chicago, Chicago, Illinois, United States

Professional preparation

05/2027 (expected)	Ph.D., Mathematics, University of Chicago, Chicago, IL, USA
2022–2026	Doctoral study in Mathematics (no degree; transferred with advisor), University of Illinois Chicago, Chicago, IL, USA
05/2022	B.S., Mathematics, Stony Brook University, Stony Brook, NY, USA
05/2022	B.S., Applied Mathematics and Statistics, Stony Brook University, Stony Brook, NY, USA

Appointments and positions

2026–present	Graduate Student Lecturer, Department of Mathematics, University of Chicago, Chicago, IL, USA
2023–2025	Research Training Group (RTG) Fellow, Department of Mathematics, Statistics, and Computer Science, University of Illinois Chicago, Chicago, IL, USA
2022–2026	Teaching Assistant, Department of Mathematics, Statistics, and Computer Science, University of Illinois Chicago, Chicago, IL, USA

Products

Products most closely related to the proposed project

1. Varvak E. The monodromy of compact Lagrangian fibrations. International Mathematics Research Notices. 2026;2026(7):rnag057. DOI: 10.1093/imrn/rnag057.
2. Varvak E. The Mumford–Tate group of a very general Lagrangian fiber. arXiv preprint arXiv:2610.02481 [math.AG]. 2026. DOI: 10.48550/arXiv.2610.02481.

Other significant products

1. Varvak E. Recovering plane nodal curves from their bitangents. Undergraduate honors thesis, Stony Brook University. 2022. Available from `https://homepages.math.uic.edu/~evarvak/`.

Certification

Completed in SciENcv when the document is generated: the PI certifies that the information is current, accurate, and complete.
